SUBJECT INDEX TO VOLUME 43

Atrazine and mammary tumorigenesis, 169

Cadmium, urinary, in sewage sludge farmers, 1
Cadmium and prostate cancer, 251
Cancer in children and petrochemical manufacturing, 117
Carbofuran, effects of, 291
Carbofuran toxicity, 383
Cassava and cyanide toxicity, 13
Chlorotriazines
  antagonism of estrogen action, 197
  endocrine effects of, 155
  possible antiestrogenic properties of, 183
Cigarette smoke toxicity and MnSOD, 239
Complex mixtures, hepatic and renal toxicity of, 305
Contact dermatitis, in soldiers, 7
Cyanide toxicity, in cassava consumers and processors, 13

DEHP embryotoxicity, 361
Dermatitis, contact, in soldiers, 7

Experimental design, sensitivity analysis in, 495

Gasoline, mitogenic compounds in, 213
Gender in mouse models, role of, 37
Glutathione, role in heavy metal cytotoxicity, 351
Groundwater contaminants, hepatic and renal toxicity of, 305

Heavy metal cytotoxicity, 351
Hepatic and renal toxicity of complex mixtures, 305
Herbicides and mammary tumorigenesis, 139

Immunomodulation by 18:3 (n-3) alpha-linoleic acid diet, 225
Indium phosphide disposition in rat, 483
Insecticides and muscle toxicity, 291

Mammary tumorigenesis and herbicides, 139
Methyl parathion, effects of, 291
Mitogenic compounds in gasoline, 213
MnSOD and cigarette smoke toxicity, 239
Muscarinic receptors and organophosphorus compounds, 51
Muscle toxicity induced by insecticides, 291
MX, mutagenic effects of, 65

o-xylene, effect on microsomal membranes, 469
O_6-methylguanine repair mechanisms, 441
Organophosphorus compounds and muscarinic receptors, 51
Organophosphorus pesticides and mammalian toxicity, 271
Oxidative damage in red blood cells, potentiation of, 339
Ozone exposure, effects of, 73

PCB congeners in brain, accumulation of, 453
Pesticides, organophosphorus, and mammalian toxicity, 271
Petrochemical manufacturing and childhood cancer, 117
Prostate cancer and cadmium, 251
Pyrene, inhaled, pharmacokinetics of, 103

Sensitivity analysis in experimental design, 495
Silica exposure, surfactant treatment of, 85
Smooth muscle cells, vascular, cytotoxic responses of, 419
Strain in mouse models, role of, 37
Surfactant treatment of silica exposure, 85

Thioethers, mutagens, and phenotypes in smokers, 327
Tracheal response to acute ozone exposure, 73
Trifluoromethane, physiological effects of, 25
Tumorigenesis, mammary, and herbicides, 139

Vascular smooth muscle cells, cytotoxic responses of, 419
Vomitoxin, effects of, 37

7-NO_2BA, metabolism of, 369
